

The Legislature intends that the Division of Substance Abuse and Mental Health, in consultation with the Division of Disease Control and Prevention, provide a report detailing the following related to substance use disorder and mental health: 1) an inventory of federal, state, and county funded prevention programs in the State, 2) any available data on effectiveness of those programs, 3) recommendations on whether and, if so, how funding should be rebalanced toward prevention rather than later stage treatment, and 4) recommendations for other efforts that could be preventive, such as around affordable housing, domestic violence, trauma, and intergenerational poverty, and provide that report to the Office of the Legislative Fiscal Analyst by July 15, 2020.
